LIGHT UP YOUR VENUE

Helping you add a bit of sparkle!

Light up your venue was formed in 2016 after realising there was a gap in the market around the Dumfries & Galloway area.

We decided to create a product that was unique to us – so we created the 8ft love heart – there isn't another one like it.

We decided to then grow our business and started to supply LED Starlit dancefloors and various other lighting props for weddings, parties, celebration dinners and corporate events.

All our 4ft wooden light up letters are made in-house using high-quality materials from sustainable sources, and are delivered and installed with care by ourselves.

We pride ourselves on our customer service, reliability & professionalism. We fully liaise with every one of our customers as well as venue staff to ensure that any products hired from LUYV are installed in the best possible position as efficiently as possible.

All our equipment is thoroughly cleaned & polished after every use they are also regularly serviced & tested to keep them in great condition for every event.

We are fully insured and have public liability insurance, also all our hire products are fully P.A.T tested by a professional electrician and certificates can be provided if required.

Dance The Night Away

Our LED Starlit dance floor - A pure gloss white dance floor that looks beautiful when laid and in place, but adds that extra special sparkle, elegance and "WOW!" factor when hundreds of awe inspiring twinkly and sparkly white LEDs illuminate from within the floor below.

Whether you require the white LED lights to remain static, or flash and twinkle, the dance floor lighting can be fully controlled to change the intensity and flash speed, In the flesh, in photos, and in videos, these dance floors look truly magical!

Our white starlight floors are flexible in size (starting at 12ft x 12ft - 22ft x 22ft) depending on your space, they can be provided and installed into nearly every venue, marquee or event location. Fantastic addition to any event.

We've got it covered

When you hire our white starlit dance floor, each floor is delivered, installed, polished and removed from your event by ourselves.

Archway To Love

So here is our stunning 8ft high illuminated Love Heart with Cabochon lighting. It is a perfect backdrop for pictures, or at an alter even over a cake table, really the options are endless. The caps can also be changed to suit your colour scheme!

Truly Unique

Our Love Heart was built by the LUYV Team - there isn't another one the same - it's truly unique!

“We hired the light up heart for our wedding and everyone loved it”

Archway to love...

Your Name in Lights

For something a little more personalised to your day why not add your initials along with our stylish '&' to compliment your 'LOVE' letters.

All of our wooden letters are free standing at 4ft high with a crisp clean white finish. We have a custom designed font fitted with beautiful Cabochoon bulbs.

These give a softer glow and a sparkle effect like a diamond against the white background. The beauty of the Cabochoon is you can change the colour of them to suit the colour scheme of your wedding or event.

Our Vintage Marquee Range

*"Can't thank Jamie and Daniel enough for the dance floor and dry ice at our wedding, it really just set the wedding decorations off and our first dance off. Wouldn't have looked anywhere near as good as it did without them, the boys are brilliant and so friendly. 100% recommend them to anyone!
Thanks again boys, you did an amazing job"*

Dancing on Clouds

"From set up to pack up these guys were fantastic. They arrived exactly when they were supposed to and set up the amazing dance floor with no fuss. The dance floor added the wow factor to the night and gave our cake cutting and first dance pictures a really great look to them."

- Claire Hill -

Dancing on Clouds is a special effect created by using a professional dry ice machine which produces thick, white fog that hugs the floor and dissipates without rising.

Your dance floor will be transformed instantaneously with a beautiful sea of white cloud which will gently lap around your feet, creating a magical look that will really add the 'Wow' factor to your first dance.

Dry ice is completely safe to use in any venue as it does not rise and won't set off any smoke alarms. The effect lasts the duration of your first dance, although you can treasure the photos forever!
